Wednesday - 27 July 1977

✓ 1. (Unclassified - RSG) LIAISON Talked to Mary Spaulding, in the office of Representative William Armstrong (R., Col.), who inquired about availability of a speaker from the CIA to address a group of 75 Colorado businessmen. She offered three possible dates, 29 August, 30 August or 1 September, for the briefing which would be held on the Hill. I notified [] OTR, who set aside all three dates. Ms. Spaulding will confirm one of these dates within the next few weeks.

2. (Official Use Only - DTC) LIAISON At his request, I met briefly with Representative Louis Stokes (D., Ohio), Chairman, House Select Committee on Assassinations, so that he could pass certain investigative information to the Director of Security. I delivered this material personally to the Deputy Director of Security.

3. (Unclassified - ME) FOIA/PA Ms. Betty Hight, in the office of Senator Alan Cranston (D., Calif.), returned my calls in response to her inquiry concerning a constituent, [] who requested the Senator's aid in his appeal to obtain a document from us without deletions. Ms. Hight wanted to know the status of our response to [] and I advised her, after checking with OGC, that the letter would be out within a week. She also mentioned she would be telling the constituent that CIA was acting properly in denying the information deleted. (I had not mentioned to her the content of the Agency's reply, but it is an accurate statement.) I promised to call and advise her the date the letter is sent.
